GDPR

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process under the European Parliament's and Council of the European Union Regulation on the Protection of Natural Persons as of 27 April 2016, with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (Data Protection Directive)

ABOUT ME

I'm studying informatics at the Silesian University of Technology. I've been creating websites and web applications since 2019. In my free time I love to explore new concepts and create my own projects. I'm looking to apply my skills in a company that will help me grow as a programmer.

EXPERIENCE

Programmer | Fonte sp.zo.o.

📅 10/2021 – Now

📍 Bielsko-Biała, Poland

- Creation of websites using Next.JS and React.JS.
- Development of inhouse tools using Rust, Python 3 and AWS employing test-driven development.
- Systems management.
